

**INTEL CORPORATION
INTERNAL EVALUATION SOFTWARE LICENSE AGREEMENT**

IMPORTANT - READ BEFORE COPYING, INSTALLING OR USING.

Do not copy, install, distribute, publicly display, or use the Materials (defined below) provided under this license agreement ("Agreement"), until you ("You" or "Your") have carefully read and agreed to the following terms and conditions.

This Agreement forms a legally binding contract between You and Intel Corporation ("Intel") regarding Your use of the Evaluation Materials. By copying, installing, distributing, publicly displaying, or otherwise using the Materials, You agree to be bound by the terms of this Agreement. If You do not agree to the terms of this Agreement, do not copy, install, distribute, publicly display, or use the Materials.

Third Party Programs (as defined below), even if included with the distribution of the Materials, are governed by separate third party license terms, including without limitation, open source software license terms. Such third party license terms (and not this Agreement) govern Your use of the Third Party Programs, and Intel is not liable for the Third Party Programs.

11.1 Controlling Law. Any claims arising under or relating to this Agreement will be governed by the internal substantive laws of the State of Delaware or federal courts located in Delaware, without regard to principles of conflict of laws. Each party hereby agrees to jurisdiction and venue in the courts of the State of Delaware for all disputes and litigation arising under or relating to this Agreement. The parties agree that the United Nations Convention on Contracts for the International Sale of Goods is specifically excluded from application to this Agreement. The parties consent to the personal jurisdiction of the above courts.

Intel may assign this Agreement, and its rights and obligations hereunder, in its sole discretion.

11.4 Entire Agreement. This Agreement constitutes the entire agreement between You and Intel and supersedes in their entirety any and all oral or written agreements previously existing between You and Intel with respect to the subject matter hereof. This Agreement may only be amended or supplemented by a writing that refers explicitly to this Agreement and that is signed by duly authorized representatives of You and Intel. Without limiting the foregoing, terms and conditions on any purchase orders or similar materials submitted by You to Intel, and any terms contained in Intel's standard acknowledgment form that are in conflict with these terms, will be of no force or effect.

11.5 Severability. In the event that any provision of this Agreement are unenforceable or invalid under any applicable law or be so held by applicable court decision, such unenforceability or invalidity will not render this Agreement unenforceable or invalid as a whole, and, in such event, such provision will be changed and interpreted so as to best accomplish the objectives of such unenforceable or invalid provision within the limits of applicable law or applicable court decisions.

In the event any product is exported from the United States or re-exported from a foreign destination by You, You will ensure that the distribution and export/re-export or import of the product is in compliance with all laws, regulations, orders, or other restrictions of the U.S. Export Administration

Regulations and the appropriate foreign government. You agree that neither You nor any of Your subsidiaries will export/re-export any technical data, process, product, or service, directly or indirectly, to any country for which the United States government or any agency thereof or the foreign government from where it is shipping requires an export license, or other governmental approval, without first obtaining such license or approval. You also agree to implement measures to ensure that foreign national employees are authorized to receive any information controlled by U.S. export control laws. An export is "deemed" to take place when information is released to a foreign national wherever located.

11.7 Special Terms for Pre-Release Materials. If so indicated in the description of the Evaluation Software, the Evaluation Software may contain Pre-Release Materials. You hereby understands, acknowledges and agrees that: (i) Pre-Release Materials may not be fully tested and may contain bugs or errors; (ii) Pre-Release materials are not suitable for commercial release in their current state; (iii) regulatory approvals for Pre-Release Materials (such as UL or FCC) have not been obtained, and Pre-Release Materials may therefore not be certified for use in certain countries or environments and (iv) Intel can provide no assurance that it will ever produce or make generally available a production version of the Pre-Release Materials. Intel is not under any obligation to develop and/or release or offer for sale or license a final product based upon the Pre-Release Materials and may unilaterally elect to abandon the Pre-Release Materials or any such development platform at any time and without any obligation or liability whatsoever to You or any other person.

ANY PRE-RELEASE MATERIALS ARE NON-QUALIFIED AND, AS SUCH, ARE PROVIDED "AS IS" AND POSSIBLY WITH FAULTS.
