1. ViewSonic Projector

2. Screws: M4 x 8 (Max. L = 8 mm)

3. 4.3 Image on a 4:3 Screen

4. 4.3 Image on a 16:9 Screen

5. 4.3 Image on a 16:10 Screen

There is ±3% tolerance among these numbers due to optical component variations. It is recommended that if you intend to permanently install the projector, you should physically test the projection size and distance using the actual projector in situ before you permanently install it, so as to make allowance for the projector optical characteristics. This will help you determine the exact mounting position so that it best suits your installation location.
