

ViewSonic IFP8652-1C ViewBoard®

86" 4K Interactive Display

Report produced September, 2020

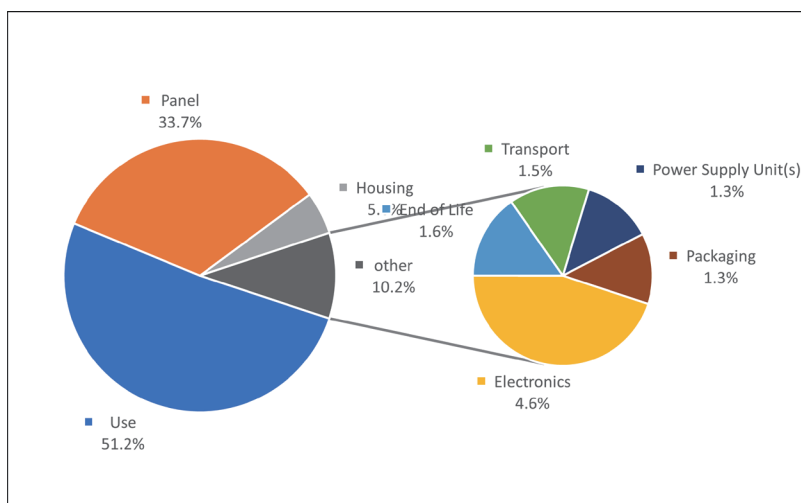

As part of ViewSonic's pledge to corporate citizenship and lowering our environmental footprint, we strive to serve the community by better understanding the significance of the product life cycle through product carbon footprinting. That process includes the estimation of emissions from materials, production, distribution, and end-of-life management.

This product's estimated carbon footprint:

4330 kgCO₂e +/- 2150 kgCO₂e

Estimated impact by lifecycle stage with breakout for manufacturing by component:

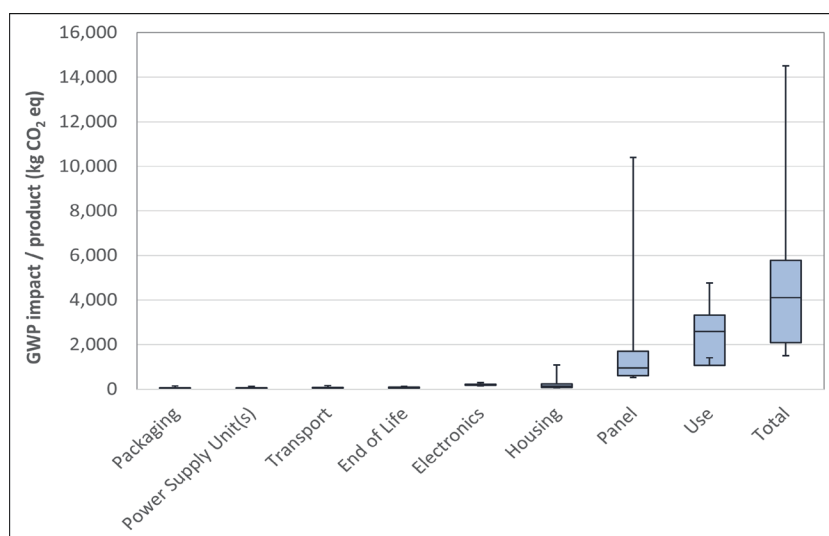

For environmental footprinting, ViewSonic utilizes Product Attribute to Impact Algorithm (PAIA). Developed by the Massachusetts Institute of Technology (MIT), PAIA is a streamlined life cycle assessment (LCA) tool that examines the greenhouse gas emissions released throughout the lifecycle of a product to calculate the product carbon footprint.

ViewSonic IFP8652-1C ViewBoard®

86" 4K Interactive Display

Committed to being inclusive and transparent, the included box plot presents the degree of uncertainty of PAIA for product carbon footprinting. Uncertainty can come from differences in data, bias, allocation inconsistencies, and methodology used.

Assumptions for calculating product carbon footprint:

| | | | |
|-------------------|----------|---------------------------------------|-------------|
| Product Weight | 68.65 Kg | Product Lifetime | 5 years |
| Screen Size | 86" | Use Location | US |
| Assembly Location | China | "Use Energy Consumption (Yearly TEC)" | 889.992 kWh |

4330 kgCO₂e

To provide a better context to the estimated carbon footprint impact, ViewSonic supplies these estimated equivalencies. Please note that these are approximations only and should not be used for official carbon footprinting operations.

Carbon footprint of this monitor is equivalent to

0.075

home's electricity
use for one year

15.7

propane cylinders
used for home
barbeques

46,833

number of
smartphones
charged.

The equivalent data are referred to Greenhouse Gas Equivalencies Calculator of US.EPA.
