Screws: M4 x 8 (Max, L = 8 mm)
Unit: mm

16:10 image on a 16:10 screen

16:10 image on a 4:3 screen

Distance from the center of the glass lens to the bottom peg: 327.28 mm

Note: (e) = Screen (f) = Center of Lens

There is 3% tolerance among these numbers due to optical component variations. It is recommended that if you intend to permanently install the projector, you should physically place the projector in its location before permanently mounting it, so as to make allowance for this projector's optical characteristics. This will help you determine the exact mounting position so that it best suits your installation location.
